Greatest Craps Guru In The World

Synopsis

Read what happens when a retired NFL player has a chance encounter with one of the world's greatest craps guru. It is a lively fiction thriller that could pass for non-fiction; a how-to book and engaging story about making money in an unconventional way - at the craps table.

GREAT READ IF IT WERE AS SIMPLE AS THE AUTHORS' MAKE WOULD BE DRIVING A ROLL. STILL THIS BOOK OFFERS A LOT OF ENCOURAGEMENT TO BEGINNERS AND THE WRITING STYLE IS EASY TO UNDERSTAND WHICH IS A MAJOR PLUS WHEN WORKING THROUGH THE STRATEGY.

What David Medansky has written is easy reading. I've been in Las Vegas with him along with other mutual friends. I have been able to watch what is written in his book come to life. One very important part of his book that has worked for me is after two or three rolls "ask the dealer to put the OFF button on". Believe me it will change your game.

I love this book. Believe it or don't, but I've read this book over 6 times since my recent purchase. Why so many times? Because I want to absorb the principles so I'll have instant recall at the tables.

Why? Because there is serious, consistent moneyâ and âœconsistentâ • is the operative word hereâ ”to be made. It seems to me, if we apply the low key philosophy of the book, stay within the statistical parameters, and we just put a lid on our greed factor, we can emulate the book’s Michael! Medansky smoothly weaves numbers, math, statistics and betting maneuvers into an entertaining, easy to follow plan by fictionalizing the book as opposed to writing the typically dry, academic style yawn-producing book that most craps instructional books end up becoming. I’ll bet (pun intended) you’ll like Medansky’s writing style because it actually transforms the written word into a mindmovie as you read about his character interactions. You soon begin to feel surrounded by a casino atmosphere as you read! Buy the book; see for yourself. J. McKechnie

Very good read....It is one on my favorites with down to earth advice....I absolutely love the game of Craps! This book will make it more enjoyable and start hopefully a little larger wallet.....Highly recommend!!

My first book on Craps. It was wonderful. Engaging read with information thrown in. Has all the bits for the beginner, but those that have no knowledge will not appreciate the story until they read the appendix on Craps table terms. Happy to recommend this.

I really enjoyed this book. A nice story to go along with the instructive lessons and a quick easy read but full of info. It is easy to see how you can apply these ideas to you play. Almost as if the guru was instructing you, not the person in the book. I think craps is a great game and this book puts a different perspective on betting that I never considered. Many craps books give the same advice to the point where it is almost the same text-----but not this one. If you want a whole different perspective on craps and how to play better than you now are doing, read this book.

I’ve read dozens of Craps books in the last few years and this is the best book on the market. It takes courage to play the system discussed, but if you’ll develop such courage and play by the prescribed rules, you can make money at the game. The book is written in a dramatic style with a story woven around the system. I enjoyed the book thoroughly.

This is a very good book for the Novice and the Life Long Craps players. The story breaks craps playing betting into a simple method of goal setting, management, common sense and betting. Sometimes we look for the magic bullet for quick, easy winning sessions. It’s not there. Read the

book, learn a few things and apply them at the tables. You will find its dollars well spent.
