Higher Education Law: Principles, Policies, And Practice

Synopsis

If you want to acquire a strong working knowledge of higher education law, this is the book you need. From cover to cover, this book is designed to actively engage you in learning higher education law and in building a strong working knowledge of the law in practice. This book is unique in that it:

- Clearly explains even the most complex principles of law;
- Connects essential principles of law to current policies and practices;
- Provides an optimal balance of case law and instructive commentary;
- Harmonizes complex and contradictory case law into a clear statement of current law;
- Presents thought provoking comments and questions throughout; and
- Provides useful and informative chapter summaries that:
 - o Clearly state the most significant points of law;
 - o Offer helpful practice tips;
 - o Introduce essential practice skills;
 - o Present stimulating discussion questions; and
 - o Suggest enrichment activities for further learning and application.

This book provides you with the highest quality scholarship and learning tools at a welcomed reader friendly price: Perfect as both a compelling and engaging textbook and as an invaluable desktop reference for daily use in practice.

Customer Reviews

I am not an expert in law, but I have an interest for education law. This book makes higher ed law understandable for everyone! Its content is up-to-date and very comprehensive (I was really surprised by the breadth of topics covered), and it's a must read for all higher ed folks! I'd also recommend this book as a course textbook. Such a high quality book for such an affordable price!
