Doing these large-print word-search puzzles is like eating potato chips...bet you can't do just one! The variety of themes keeps it interesting and I'd think, "I'll do just one more", and before I knew it I was at the back of the book. For my older eyes, the 20-point type makes it easy to see the words

and I'm able to do these puzzles without having to use reading glasses.

It's a little difficult to improve on an already good product, but the large print just makes it even easier to read. No doubt will continue to enjoy Funster.co/Timmerman puzzles. These are also great for taking on the road and one other method for exercising the-always-important brain!

These puzzles are fun to do and also an enjoyable way to exercise our brain. They are a good way to relax from a busy schedule. The large print is wonderful to use. A good book to keep with you, especially if you have to be waiting someplace for awhile. A great word search volume.

This is the very best word search puzzle book ever. Each page is jam packed with words of interesting topics. I plan to get all their puzzle books. If you like a challenge, you will enjoy this book.

My wife loves to work these and she's especially happy with this book. Be forewarned, though, most of these are pretty challenging.

Very engaging and the print is large enough for elderly people with sight. Bought it for my mother and she is engaged with it the whole time!

I bought it for my client who loves LOVES doing these things. She loves this book and is now doing them by herself without help from family member.
