Customer Reviews

My mom loves these word search books. She completed volumes 1 and 2 and I was thrilled to see there was a new volume. Even though it's by a different author, the puzzles are just as much. These books are challenging without being too hard and each puzzle has a hidden message to add to the fun. They have hard covers and can fold flat so they're easy to take anywhere and highlighters work well on the pages. They're large books with enough puzzles to last months even for the most ardent fans so you definitely get your money's worth.

Large print word search to occupy my elder mother in law. She enjoys doing them and the ring binder make it easier to do.A word search should be challenging because it's smartly constructedâ "not because the letters are too small. I bought it for my 80 year old mother-in-law, she loves it and the large print. I get these for her as Christmas or Birthday gifts.

My wife was happy to find this wrapped under the Christmas Tree. This book is thick and has a lot of puzzles to go through. Now that the TV has gone to more commercials than actual movie-or-shows, it is nice to have something to turn to and occupy an adult's mind. It is deceptively large once it arrived. Recommend it highly...

Purchased for 84 year old mother, and she loves this book. I buy her one from this maker every year. She does word search puzzles all the time and looks forward to receiving my present every year because of the binder design. All the other books she gets are regular paperback, and the binder design is easier to use.

My elderly mother loves the hinged sides of these puzzle books. It's easy for her to complete a puzzle in a lying down position. Plus, the large print version is perfect.

I bought this as a Christmas gift for my elderly Grandma. She loves doing these puzzle books so I am always looking for good ones in large print. This book is very nice. I liked that it lays flat for ease of use too! Would definitely recommend!

I purchased this book for my elderly mother who has difficulty with regular size print. She isn't able to get around very well, and uses these books as a form of entertainment. She enjoys this book very much. The print is large and bold.
