In The San Juan, Colorado: Sketches (1898)

Synopsis

Rev. J. J. Gibbons experienced the San Juan Mountains of Colorado as few men ever did. At the end of the nineteenth century, when avalanches ran, mines exploded, and plagues hit hard - everyone backed off except for Gibbons. It was his job to tend the sick, give last rites, bury the dead, and bring comfort to the grieving families. So even when the weather was at its worst, Father Gibbons set out on foot or on horseback to bring comfort to those individuals in need of a Catholic priest. In the San Juan tells stories of skeletons along the trailside, men blown to bits while warming dynamite on a stove, and the power of avalanches that kill not only those in the way, but also would-be rescuers who came in later. Responsible for an enormous territory that covered 10,000 square miles of some of the most rugged terrain in the United States, Father Gibbons was a living testament that faith in God helped good men to make it through terrible times.

FIRST SKETCH First Experiences in the San Juan
Land of mountains and plains
Home of the Cliff-Dwellers

SECOND SKETCH Funeral in the Rockies
A daring and expert horseman
The cowboy and the wild broncho

THIRD SKETCH From Dallas to Telluride
