## Customer Reviews

This is the newest LSAT preptest, as of the time of this review (February 2015). The LSAT changes with time. You should definitely get the newest test, as new tests are the best indicator of what future tests will look like. Considering how important the LSAT is to your odds of admission, this book is well worth the price. You should also get the following books:LSAT 73LSAT 72LSATs 62-71LSATs 52-61Optional: LSATs 29-38Total cost is around \$60-\$70. There is no better

investment you could make towards a better LSAT score. For more practice, get pretests 29-38. Note that only pretests 66-74 have two pages for logic games diagrams. Use only the second page for your diagrams. It is surprisingly easy to lose your train of thought when you have to move your eyes across multiple pages. This test also has a comparative reading passage. Every test from 52 onwards has comparative reading. Graeme Blake Moderator of Reddit's LSAT forum p.s. LSAT pretests don't come with explanations.
