Best Sellers Rank: #172,467 Paid in Kindle Store (See Top 100 Paid in Kindle Store)   #69 inÂ Books > Computers & Technology > Internet & Social Media > Blogging & Blogs   #70 inÂ Kindle Store > Kindle Short Reads > 45 minutes (22-32 pages) > Computers & Technology #130 inÂ Kindle Store > Kindle eBooks > Education & Teaching > Teacher Resources > Computers & Technology

Customer Reviews

Really helpful Tool Book. I found the book to be very helpful. The descriptions are short and to the point. Some tools you may know about already, but you are bound to see a few that will be new to you.

This is a good resource for beginner bloggers and intermediate bloggers. I have seen most of the resources except for a few. Some information in this book is outdated even though the book is said to be for 2016 (like Topsy that has closed down, unfortunately). New information for me was keyword.io resource, Google trends and photovisi - will have to check those out, the rest of the stuff is quite basic, really, and I consider myself a beginner blogger.I recommend this book to people who are very new to blogging, however, some of this will be over their heads, and that is ok. I think this is a good concise booklet, so you don't have to look for the information in a million other sources.Thank you so much for this resource - hoping you will update it a bit, if possible for 2016Read this book on my Kindle Unlimited for free.

Easy guide to follow. This guide gives you ideas and lynx for you to follow the author advise.
