# Aviation Weather Services (2015 Edition): FAA Advisory Circular 00-45G, Change 2 (FAA Handbooks Series)

## Synopsis

This 2015 Edition of this title includes the FAA's "Change 2" revision for Advisory Circular 00-45G. The FAA and NWS co-publish Aviation Weather Services (Advisory Circular 00-45G), which features full-color illustrations throughout and full coverage of the weather-related tools that assist pilots with flight planning and in-flight decisions. This text thoroughly explains the many U.S. aviation weather products and services available to pilots. Weather product examples and explanations are taken primarily from the Aviation Weather Center's Aviation Digital Data Service website. The AC provides hundreds of weather website addresses for weather resources and definitions. Aviation Weather Services is the main resource to use when studying for pilot certification exams and should remain a part of every aviator's library. Includes weather station location tables, lists of contractions and acronyms, weather symbols, conversion charts, internet links, and more.

## Customer Reviews

I finally bit the bullet and just ordered the book instead of trying to read the PDF version on my computer. Having the printed copy is helpful, and came as expected.

If you are completing a Commercial or ATP rating, this book is essential for delving into how weather services are presented and codified in the US.

Something I needed for school and its very informative.

love it, it's the second time I've been trough.

Great improvement over the earlier version.

very good information.
