Customer Reviews

I got this book because I loved Heidi Priebe's other book, *The Comprehensive ENFP Survival Guide*. Heidi is an ENFP, as am I, and that book is an amazing, fun and informative resource specifically tailored solely to that personality type. As I mentioned on my review for that book, it is hands-down my favorite ENFP book and because of this I simply had to get Ms. Priebe's new personality book, too. "How You'll Do Everything" is a very different book from Priebe's other work, primarily as it does not revolve around one type, but instead is a shorter work which touches on

each type, in brief snippets. Not only is "How You'll Do Everything" shorter and more broad in its scope, it also is a bit less serious in tone. This isn't to say the information is invalid, but it does give off a more continuous "humorous horoscope" sort of vibe, where each tidbit of each type in each section of "things to do" is presented in a goofy, tongue in cheek sort of way. Priebe's "The Comprehensive ENFP Survival Guide" has plenty of laugh out loud moments, but it's possible that the horoscopey-tidbit style of this book is what makes me feel it doesn't take itself as seriously. That said, both books are prefaced by some very interesting sciencey sections which are a lay-person friendly reminder that Priebe has a degree in Psychology and has been studying personality profiles, and their people!, for awhile. :-)

Like Priebe's other work, I really enjoyed this one, and it definitely has set me up to be a fan that will look out for her next books, but this one is not my favorite of the two.
