Criminal Evidence: Principles And Cases

Synopsis

CRIMINAL EVIDENCE: PRINCIPLES AND CASES, 9th Edition, delivers the key rules of evidence in criminal matters as well as their interpretations and applications, and is especially useful for students planning a career in law enforcement or law. Comprehensive without being encyclopedic or overwhelming, the text gives students the rationale behind the rules and demonstrates how law enforcement officers apply them on the job. Authors Gardner and Anderson include many of the features that popularized their best-selling CRIMINAL LAW, such as high-interest examples, "key concepts" boxes, and case excerpts that engage students and make the topics more relevant. Customer Reviews

This is the 2nd Criminal Evidence book that I've utilized by Gardner and I must admit, this, as with the previous edition, are great books. It provides lots of clear details thereby allowing me to gain a quick understanding of the normally difficult concepts. I would recommend this book to any scholar/professor looking for a great book on Evidence and would recommend keeping this book (as opposed to selling it back to your school or) as it will probably serve as a great tool as you continue

to progress in your legal education.

Good book. Rented it online on for a very good price. Book is in-depth and covers a broad range of relevant judicial material. Recommended for any criminal justice student, or anyone with an interest in the CRJ field.

It was exactly what i neede and it wad like new

GOT IT FOR SCHOOL GREAT

It was a great book!
