Customer Reviews

I inherited four of these cute babies. I'd never had them before so this book guided me about their diet and care. I'm glad it listed foods not to give, I don't want to make my babies sick. They are so

cute and love to cuddle.

This was a very big help for preparing for a guinea pig. I loved it. I recommend it to anyone who has a guinea pig or a guinea pig owner. 5star!

I really liked the information given over the major topics and the friendly approach. However, I did not find this as in-depth as I need, especially about cages and toys. It's a great pamphlet, though.

Very helpful, review on how to take care of my two baby boys, thanks a lot

Good details a lot of facts on guinea pigs and how to have the healthiest happiest piggy you can. I really like how they explain the food and what are good ideas a lot of books leave that stuff out.

This book was informative, but not sure it was worth paying for. A lot of the same information in this book is also in the free one that's offered. Good, but I could have saved a couple bucks.
