Well, My nephew said he wanted a hamster, I told him ok! learn how to take care of it, I found this book and give it to him. Now he is thinking twice, its not just a sweet animal its a responsibility! Easy to understand for kids and adults specially if you are trying to really take care of your new pet!!

This book is a good first hamster owner guideThis book is awesome. I just got a hamster from a friend of mine and I read this book once I got him and this gave me soooo much more info.Definitely read you won't regret getting this book!!!!

Well written and organized. Helped me decide to get hamsters because it was detailed about the information given about them. It told of different types of hamsters, care, feeding, housing and health concerns that can come up with these pets. I would recommend adding this book to your library if you are searching for info on hamsters you might bring into your family.

I bought this book for my 11 year old son. He really enjoyed reading it and learning how to care for his hamster. He keeps it right by his bed so he can look through it any time he has a question about his hamster. It was really helpful when we were surprised with a litter of baby hamsters. I didn't read through the entire book but it seemed to answer any questions he had (and he had a lot of questions).

What a lovely book and with cute pictures too. Really nice for adults and children full of information and tips for hamster care. This book tells you all you need to know about hamsters, their habits, care, tips, breeding and even training. Wonderful. Recommended.

Nice book from Kate. I really enjoyed reading it as it gives tips on how make your pet healthy and happy. This book contains essential guides on how to take care of pets and also behavioral characteristics of all 5 species of pet. Kudos

I've had two hamsters when I was younger and I just got another one that I can take care of on my own. This book is really helpful and provides a lot of information to help you take care of your new pet!

wow its really interesting and amazing how much information is in this book. easy to follow and very useful information. i own 2 hamsters and with this book i can now take proper care of them without stressing out.
