It's Always Sunny In Philadelphia: The 7 Secrets Of Awakening The Highly Effective Four-Hour Giant, Today

Synopsis

• The Gang • from It's Always Sunny in Philadelphia attempts their most ill-conceived, get-rich quick scheme yet: publishing a self-help book • to hilarious, sometimes dangerous, and often revolting, results. The Gang may have finally found their golden ticket. Left alone to close down Paddy's Pub one night, Charlie Kelly inadvertently scored himself, and his friends, the opportunity of a lifetime • a book deal with a real publishing company, real advance money, and a real(ly confused) editor. While his actual ability to read and write remains unclear, Charlie sealed the deal with some off-the-cuff commentary on bird law and the nuances of killing rats (and maybe with the help of some glue fumes in the basement with an unstable editor on a bender). While The Gang is stunned by the news, and the legally binding, irrevocable contract left on the bar, they are also ready to rise to the task and become millionaires • and of course, help Charlie actually write the book. In their own inimitable voices, Charlie, Mac, Dennis, Sweet Dee, and Frank weigh in on important topics like Relationships, Financial Success and Career, Fashion and Personal Grooming, Health and Diet, and Survival Skills, providing insane advice, tips, tricks, and recipes (Rum Ham anyone?) as only they can. Fans of It's Always Sunny in Philadelphia rejoice and welcome the most influential work in the history of the written word (or at least since the script for The Nightman Cometh): The 7 Secrets of Awakening the Highly Effective Four-Hour Giant, Today.

SPOILERS If you have never watched an episode of "It's Always Sunny in Philadelphia" then this book is not for a jabroni like you. But if you are a glue-huffing degenerate who enjoys the antics

of the most wretched gang of drunks, this is a self-help book for written just for you suckers, er, geniuses. The funniest sections were Charlie's by far. It's ironic that an illiterate's writings and rants were the best. Love his advice for stalking the one you love. His avian brilliance also reminds us why he is the pre-eminent expert on US bird law. And his recipes for making cheese are priceless. Remember that old Polly-O String Cheese Commercial? Just order a pie, but hold everything but the cheese! Other cheese making recipes include stealing from rat traps or making your own cheese with orange juice and half and half, letting it sit around for a couple of weeks behind a toilet...and enjoy! That Charlie, he's a cheese-rat genius. Dennis' sections are lucid and intelligent. He actually gives good advice on how to not get stuck doing Charlie work and how a man should properly apply makeup (to his face, abs and male parts). Dennis may be a potential serial killer, is questionably a rapist and absolutely is a voyeur, but other than that, he's a golden god with a body sculpted to proportions of Michaelangelo's David, so what he says matters. I love Frank's advice how to manipulate everybody. That man knows his stuff. And his recipes! Mmm-mmm! Now I know how to make a delicious rum ham using only a canned ham, a few bottles of rum, a gun and several bullets. Plus Italian parsley for garnish to make it classy. There's his blue-jean tea recipe which require crabs dredged out from the polluted Delaware river.
