Customer Reviews

We love to grow pumpkins as itâ™s easy in care and good for decorating a fall garden, but especially we love our dishes with it, we have few which have been cooked for several years. Now we can cook even more, plenty of main meals and mouthwatering desserts are here to enjoy. Weâ™ve tried few ones, that was just a pumpkin feast, amazing. Next season weâ™ll try to get more pumpkins as itâ™s so perfect for cooking all kind of dishes. Itâ™s easier and fun with this recipe book.

I love pumpkin. Due to its earthy flavor it can be combined with different ingredients. I feel It is good to eat seasonal fruits and veggies. It is easy on budget and fresh too. There are plenty of simple recipes in this book for those who love pumpkin. This book is a great choice to those who want to experiment and enjoy making different dishes with pumpkin as well as other seasonal harvest.

Itâ™s really good to get all kinds of recipes with a pumpkin. Now I can experiment and try new recipes with it not only for pastries and porridges, but also for stews and fritters. Unfortunately I donâ™t have enough pumpkins but next season Iâ™ll get it enough to try all possible recipes with it through the year.
