## Customer Reviews

It was very easy to understand. And if you never had crochet before you could pickup what to do.  
SUPER

I love crocheting and the patterns are fun and easy-to-use!!!! This is something I'll show my family and friends. Thank You

This "book" was all of maybe 5 pages and no images! Thankfully it was free with my KindleUnlimited subscription. Don't bother with this one

No photo descriptions..... wanted to see finished product or combinations used with color. There is minimal info. Not pleased. ....

Where's the photo for the granny striped afghan and why is there a warning? Defective download obviously. Stop telling me how many words I can use in a review.

Needs more pictures. Additional instructions would be helpful. Feel like even at 99¢ it was a complete rip off. Poor.

If you are new to crochet, then this may be your book. Clear instructions but no photos or diagrams. Good tool.

Easy to read patterns, plenty of great pictures for a great example to go by!
