Crocheting

Customer Reviews

I am new to this so this book has been a life saver. There is a ton of information in here for all !Crocheting and Knitting is a fun and rewarding craft. More people should try it and these books help with that. It may seem hard at first but these books show you how, patterns, stitches and helpful hints to make it more fun to do !! Reviews of these books will help you understand what works and what doesn't for a large group of people that have read and used these books.

When we read a crochet pattern, you will get lost in translation if you donâ™t know the different terminologies and abbreviations used. The terms are usually abbreviated to create ease in reading and writing. As you learn, you will see that it is much easier to follow the abbreviated instructions, and you can almost see the finished project even if you donâ™t see the picture.

When I was reading this book, it's like talking to my grandmother while she's teaching me to do the right crochet. It has very helpful step by step procedure on how to know the basic patterns. It also has different patterns to follow on how to make it which has very helpful pictures in every pattern. This book could really help beginners because of it's easiest guide.

Doing crochet is like doing exercise for your hands and mind. This is a good past time. In light of the fact that you need to gauge and observe the details for a pattern that you would like to create it will really enhance your skills in creativity also and will bring out the artist side in you. This book is a great help for those beginners who would like to try doing Crochet.

I really loved the crochet, book are the simple step by step instructions and the pictures of every step that you have to follow. I got this book for my mother as a gift , she really enjoyed reading it.

If you are interested to learn about how to crochet, then this book is for you. This is a guide that is

very suitable for complete beginners who are eager to know this craft, yet don't possess the essential knowledge in order to start. In here, you'll be able to learn the difference between crocheting and knitting. This will also provide you with the list of necessary materials and clear instructions for your basic learning.
