I learned to crochet at my Grandmother's knee and have enjoyed ot for over 65 years. This is an excellent book for beginners to get started and it shows some of the basic stitches. Great for a newbie.

Don't expect to learn how to make the cute things on the cover. That's why I bought it! Inside are instructions for a hair bow, a mug cozy, and a daisy coaster. That's it! I'm sorry I bought this.

I like it very much always looking for different ideas and books to make stuff a mist have for any crocheter collections

Book is very detailed, again needs more visuals for the beginner in my opinion. Great for learning the basic stitch
