Customer Reviews

The despicable practice of slandering an author for his political views, especially when they have nothing to do with the matter at hand should not discourage you from using this excellent resource, or from following Mr. Reding's work. He is extremely knowledgeable, and better still, he is generous with that knowledge.

If you are planning to move to Cuenca, this book is a must. The author provides great information that has helped me feel more informed and confident about my upcoming move to Ecuador. He explains in detail things you will not be able to find just browsing the internet for information. I have

read it while still in the U.S., and I know it will be my go-to resource book once I am there!

My wife and I had the pleasure of spending three weeks at Casa de Cuenca with Malcolm and Marielle in May, 2014. I learned then that Malcolm was very knowledgeable re residency requirements for Ecuador. He has done an excellent job transferring his knowledge to this book. This is the most detailed book that I've read on this subject.

Well written and very informative. Covers real life scenarios accurately. Highly recommend this book for anyone interested in Cuenca Ecuador.
