Privacy And Freedom

Synopsis

"He was the most important scholar of privacy since Louis Brandeis."—Jeffrey Rosen
In defining privacy as "the claim of individuals to determine for themselves when, how and to what extent information about them is communicated," Alan Westin's 1967 classic *Privacy and Freedom* laid the philosophical groundwork for the current debates about technology and personal freedom, and is considered a foundational text in the field of privacy law. By arguing that citizens retained control over how their personal data was used, Westin redefined privacy as an individual freedom, taking Justice Louis Brandeis' 19th century definition of privacy as a legal right and expanding it for use in modern times. Westin's ideas transformed the meaning of privacy, leading to a spate of privacy laws in the 1970s, as well as prefiguring the arguments over privacy that have come to dominate the internet era. This all new edition of *Privacy and Freedom* features an introduction by Daniel J. Solove, John Marshall Harlan Research Professor of Law at the George Washington University Law School.

Book Information

Paperback: 500 pages

Publisher: Ig Publishing (November 24, 2015)

Language: English

ISBN-10: 1935439979

ISBN-13: 978-1935439974

Product Dimensions: 6 x 1.6 x 8.9 inches

Shipping Weight: 12.6 ounces (View shipping rates and policies)
