## Customer Reviews

I went to one of Thailand a few years ago and I find their food really delicious. However, I switched to being a vegan now, because I want to eat a lot healthier. I'm really missing Thai food and I want to recreate them. So, I search for tutorials that can help me and this book came out. I gave it a chance and I was not disappointed. The Thai vegan foods that this book helped me recreate are truly delicious and from then on, this book became a staple in my kitchen, so that I can cook vegan Thai food anytime I like.

I have travelled to Thailand with my girlfriend and we LOVED Thai food. She is a strict vegan and I bought this book as a gift to her. She loved the book and we were able to eat Thai food in our home together. She is in love with the Mango Curry recipe she got from this book. Another great thing about the book is that recipes are not hard to follow.
