Pictures At An Exhibition: Arranged For Early Advanced Piano Solo

Synopsis

Pictures at an Exhibition is Mussorgsky's best known piano composition. It has become a monumental showpiece for virtuoso pianists. The cycle is physically challenging, requiring great strength and stamina. Consequently, this splendid work has been considered out of reach for many pianists. Yuking Chou Brandenburg, a concert pianist and international award winner, and the teacher of award winning students, has rearranged and slightly simplified all sixteen pieces. More true to the original than other transcriptions, this arrangement will make this piece accessible for Early Advanced pianists to study and perform.
