India: Brief History Of A Civilization

Synopsis

India: Brief History of a Civilization, Second Edition, provides a brief overview of a very long period, allowing students to acquire a mental map of the entire history of Indian civilization in a short book. Most comprehensive histories devote a few chapters to the early history of India and an increasing number of pages to the more recent period, giving an impression that early history is mere background and that Indian civilization finds its fulfillment in the nation-state. Thomas R. Trautmann believes that the deep past lives on and is a valuable resource for understanding the present day and for creating a viable future. The result is a book that is short enough to read in a few sittings, but comprehensive in coverage--5,000 years of India in brief.

Book Information

Paperback: 256 pages

Publisher: Oxford University Press; 2 edition (January 28, 2015)

Language: English

ISBN-10: 0190202491

ISBN-13: 978-0190202491

Product Dimensions: 8.2 x 0.9 x 5.5 inches

Customer Reviews

Some of the chapters are captivating. Others are dry and leave out exciting details---like Aurangzeb's execution of Dara Shikoh, sending his head to their imprisoned father. Trautmann just says that they were competing for the throne and Aurangzeb won. Rather disappointing shrug that "partition was the only remaining option." Overall, it is useful for such a short overview of 5,000 years.

THE definitive concise introduction to the history of India - thoroughly researched, authoritative, comprehensive in scope, interesting, informative, well-reasoned and well-told.

Great book, Trautmann is really good at explaining things without making his writing super dense

and boring. Very interesting.

Acutally I haven't read any of his books but since he is my second cousin I'm sure all his writings are extraordinary!!! Yay Tom!!

So far, the book is pretty good, and I say that outside of the need to read this for a class. It's very informative, and flows wonderfully.
