Water Gardens: A Primer On Water Gardening And Its Design Principles

Synopsis

The #1 Best Selling Guide to Water Gardening is now available for Kindle through Get your copy of the best guide to growing herbs indoors from Karen Elliot! Read this book for free with Kindle Unlimited! A water garden is a man-made pool or stream that oftentimes has plants and sometimes fish. The water garden may be located indoors or outdoors and ranges in size as well as complexity. Creating a water garden can be a rewarding project you take on yourself or you can enjoy building a water garden as a family project where everyone has a little say about the design. Water gardens can be an easy weekend project or they can be a landscaping redesign but either way they usually increase your property value while providing years of tranquility as you and your family enjoy the gentle sounds of flowing water, gorgeous plant life, and possibly a gold fish or two. In this book we demystify the art of the Water Garden. You will learn how simple creating a water garden actually is. You will learn rules and principles for building a water garden indoors. Here is a Preview of What You Will Learn: The Seven Main Steps to Create a Water Garden Inspiration Container Options Fertilization and Water Gardening The Best Fish for a Water Garden Much, much more! Customer Reviews

I donâ™t think there is a more elaborate book than this one about house plants. It takes you to the world of plants as it touches on kitty-safe plants, plants with a preference for low light, prickly plants, and much more! Definitely deserves 5 stars.
