This book is for anyone who wants and needs to learn to develop and Android AppDevelop an app right from the start! Easy, fast and no technical jargon! Book is written for dummies!Walk you through from start to finish covering the followingPreparing you for App DevelopmentWalking you through your first projectEverything you need to know about Eclipse and Content of Android App DevelopmentAnd finally running your very first program

Book Information

File Size: 4184 KB

Print Length: 46 pages

Simultaneous Device Usage: Unlimited

Publication Date: April 30, 2015

Sold by:Â Digital Services LLC

Language: English

ASIN: B00WZNZKE6

Text-to-Speech: Enabled

X-Ray: Not Enabled

Word Wise: Not Enabled

Lending: Not Enabled

Enhanced Typesetting: Enabled

Best Sellers Rank: #1,803,152 Paid in Kindle Store (See Top 100 Paid in Kindle Store) #79

inÂ Books > Computers & Technology > Programming > Languages & Tools > RPG #602

inÂ Kindle Store > Kindle eBooks > Computers & Technology > Programming > Python #1418

Customer Reviews

Really, programming as in not at all! The Python guide is nothing more than some syntax examples and the Android portion is nothing more than a few descriptive paragraphs about the SDK environment. Practical coding examples are nonexistent and the help (if you want to call it that) is free with a minimal web search. What a waste, I know I didn't expect much with 40+ pages but with the expansive use of white space and self-promotion, it is probably more like 20 pages.

Was thinking of getting back into programming recently and seen this and for the price it's a deal. The vast amount of information all packed in here is quality from start to finish. I've gotten more than a few ideas already for apps I was thinking of producing and trying out to get into it as a hobby for now.
