# Fundamentals Of Legal Research (University Treatise Series)

## Synopsis

This classic textbook has been updated to include the latest methods and resources. Fundamentals of Legal Research provides an authoritative introduction and guide to all aspects of legal research, integrating electronic and print sources. The Tenth Edition includes chapters on the true basics (case reporting, statutes, and so on) as well as more specialized chapters on legislative history, tax law, international law, and the law of the United Kingdom. A new chapter addresses Native American tribal law. Chapters on the research process, legal writing, and citation format help integrate legal research into the larger process of solving legal problems and communicating the solutions. This edition includes an updated glossary of research terms and revised tables and appendixes. Because of its depth and breadth, this text is well suited for advanced legal research classes; it is a book that students will want to retain for future use. Moreover, it has a place on librariansâ€™ and attorneysâ€™ ready reference shelves. Barkan, Bintliff and Whisnerâ€™s Assignments to Fundamentals of Legal Research complements the text.

## Book Information

Series: University Treatise Series

Hardcover: 828 pages

Publisher: Foundation Press; 10 edition (March 27, 2015)

Language: English

ISBN-10: 1609300564

ISBN-13: 978-1609300562

Product Dimensions: 8 x 1.5 x 10.4 inches

Shipping Weight: 3.7 pounds (View shipping rates and policies)
