# Worlds Collide: The History Of Comics And Politics 101

## Synopsis

This book is an introduction into how politics have affected comic books since Superman's inception in 1938 to today and how these very comics have educated and inspired millions of children and adults worldwide. So for example, without the Great Depression we wouldn't have the Superman and Batman as we know them.

## Customer Reviews

This is a superb book that illustrates how the global political climate influenced the evolution of comicbooks over the history of the genre. From the great depression to current day, we can see the world itself reflected in the pages of our favorite heroes/antiheroes/villains. I highly recommend giving Worlds Collide a shot. It's a quick and enjoyable read for any history and/or comic buff.
