Diary Of A Jackwagon

Synopsis

He's a comedian. He's a YouTube sensation. And now he becomes an author. Best known for his song parodies and riffs on yoga pants and homeschooling, Tim Hawkins now shares his perspective on life in the 21st century in his long-awaited debut book. Tim's topics are as wide-ranging as his stand-up comedy, including marital communications ("Marriage needs a challenge flag, like in pro football"), worship music ("Pick the right key, because I'm not Barry White and I'm not a Bee Gee"), and food ("Eating a Krispy Kreme donut is like eating a baby angel"). *Diary of a Jackwagon* reveals a witty and relatable voice reminding listeners that for life's many difficulties, laughter is always the best medicine - when there aren't any pills left.

Customer Reviews

We love Tim Hawkins Comedy over here on our homestead. Love him. However, that kind of made me hesitant to get his book. Half of his humor is just in the way he presents things with his facial expressions, the pauses, etc. And you don't get that when you are reading a book. Well, I was wrong on that. I didn't get past the Introduction without a all-out-laugh-until-you-cry spell. What I love most about Tim Hawkins is the fact that he is a clean comedian. I started this book back in July and this week I decided to finish it up; Mama needed a laugh. The book contains 18 chapters and each on a different topic ranging from: Homeschool Family, Noah's Ark, SuperNanny, Hedge of Protection, and Denominations, all the way to: Blinker Fluid, Turquoise Toilet, Challenge Flag, and Krispy Kremes. Each chapters definitely carries the element of surprise. What you think might

be the punch line will end up being the curve ball to the greater punch line. I would like to say that if you intend to just sit down and read the book, I don't think you will get as much a laugh out of it like you would if you read it to your spouse. I would laugh and call hubby over and say something like, "Listen to this" and proceed with the section. I laughed harder than I did reading it in my head and my husband was brought to tears by laughing so hard. So if you are intending to have say a long drive, this may be the kind of book to read aloud with. On second thought, you do want to be able to see the road and pay attention. Better hold off on that idea. Dining room table after a busy work day would suffice just as well! Its hard to really write about this book. Its all comedy. Throughout the book you get little Twitter snippets that he included at the end of each chapter.
