New York's Liners (Images Of America)

Synopsis

For 175 years, passenger ships have crossed the Atlantic, linking the Old World with the New World. Between 1892 and 1954, more than 12 million immigrants passed through the port of New York. National rivalries caused ships to grow in size, speed, and a comfort that had once been unimaginable. The advent of the passenger jet in 1958 changed how people travel. New York's harbor is now quieter, and there are no longer days with six liners ready to sail to fabled European ports. Happily, one can still sail to Europe, cruise the Caribbean, or take a world cruise from Manhattan aboard a new generation of liners like the Queen Mary 2. New York's Liners captures iconic images of the great ships from the 1890s to the present day.

Book Information

Series: Images of America

Paperback: 128 pages

Publisher: Arcadia Publishing (May 25, 2015)

Language: English

ISBN-10: 1467123374

ISBN-13: 978-1467123372

Product Dimensions: 6.5 x 0.3 x 9.2 inches

Shipping Weight: 14.4 ounces (View shipping rates and policies)

Average Customer Review: 3.4 out of 5 stars [See all reviews](#) (7 customer reviews)

Best Sellers Rank: #1,163,281 in Books (See Top 100 in Books) #42 in [Books > Engineering & Transportation > Transportation > Ships > Passenger](#) #944 in [Books > Engineering & Transportation > Transportation > History > Ships](#) #2368 in [Books > Arts & Photography > Photography & Video > History](#)

Customer Reviews

The book is OK. . . I was hoping to see more photos of bon voyage parties, families saying goodbye to loved ones as they set-off on an adventure, tours of the ships being offered by the lines, etc. Mostly I saw multiple previously published shots in other ship books.

What a great disappointment this book was. The cover picture is so inviting only to find a book filled with dozens of small black and white pictures you've seen better presented dozens of times before in other sources. Probably half the photos have nothing to do with New York and of those that do many are either of ships docked at NYC piers which don't look all that different from Boston piers or

Philadelphia piers or ships shown against the scenic New Jersey shore of the Hudson. There are many familiar ship line postcards and brochure photo reproductions that looked much better in their original colors. One noteworthy inclusion is the dozen or so original photos of ships in NY harbor by the very talented Byron Huart. Many ocean liner / cruise ship enthusiasts are familiar with his work, usually much better presented in color. The text offers nothing new on the harbor or the individual ships. I wish I could be more positive.

Nothing new aside from a few questionable statements. There are much better books in print.

Very poor quality of the photo reproductions.
