Everybody knows about Super Mario and most of us must have played this game. I am also one of the biggest fan of Super Mario and I still do play this game some time. When I found this I could not stop myself from purchasing this book. I found this book very interesting and hilarious. I didn't stop till the last page of this book and definitely this is the funniest Super Mario jokes book.

Recommended.

This is the best cousin camaraderie I have ever known. The book is well written with ample humour and an upbeat language. I almost felt like I was inside a Super Mario game, and was undertaking an adventure of my own! Love the imagination of the author and how the reader will always be in their toes, wondering what is going to happen next. If you are looking for a playful read and wish to relive some childhood nostalgia, this is the book for you.

I enjoyed this book a lot. Was a funny little story about the mario bros going to save peach from a disaster, as usual! They meet many of the usual suspects along the way and have some hilarious encounters. My favorite part was when they pretend to be the french brothers Martin and Louise, specializing in laying pipe, not cleaning it haha.

This is so amazing and interesting book. I love Mario game so I downloaded this book. This book have a lot of fun in this book. It is a short book and full of interesting things. This book is highly recommended to all Super Mario lovers.

im not satisfied with this book i was expecting a list of jokes revolved around super mario and all i got was boring story

I did not enjoy this book, "Super Mario: The Funniest Super Mario Jokes." It said in the title that there were funny jokes, but instead it was just not fun at all. I think it should have good jokes in it instead. Also I think that the book should be longer. It seemed about only 10 pages long. I hope it does better next time!
