Getting closer to the big Halloween party and timeâ€™s tight? This recipe collection is one you can pull up in a pinch, as most are appetizers..except for a couple that may qualify as desserts.And you definitely want to get your kids involved, except for the more delicate parts of cutting and trimming which youâ€™ll need a sharp paring knife for to make realistic-looking â€œspider legsâ€•, or â€œfingernailsâ€•.I remember when the second Ghostbusters movie came out and â€œslimer sundaesâ€• that ran the gamut from green to purple became the hot fast-food item-one recipe is for the dip version to serve with pita bread.Youâ€™ll find that these recipes do a good job of following nutritional guidelines as wellâ€”as some of the ingredients indicate, like kale. One particular ingredient -arugula-I believe this must be in the parsley family; itâ€™s the green â€œgrassâ€• part of the Magic Mushrooms. I had to look that one up, but in the photo you can see it clearly.
