Customer Reviews

The ingredients are simple, the recipes are easy to follow, they actually all look very tasty. The recipes are not overworked. Can't wait to try them.

This book has every possible Italian recipe I could ask for. I love the variety of it and how it also includes salads and dressings. The directions are so easy to follow. My children love every meal I've tried and the best part of it all is how healthy everything is. Now deciding on what to make for dinner is a breeze! I love it.

I love Italian cooking, and since I live in Denmark it is not that easy to find an Italian restaurant, so it is much easier to cook it at home. I bought this book and it is so easy to read even though I'm Danish I understand the ingredients list and the recipe perfectly. I love this book and me and my friends are cooking recipes often from this book!
