## Customer Reviews

I read Jacqui's book and within the first few pages I KNEW I needed to get a copy to my daughter, and to say she LOVED it would be an understatement. Here is the testimonial my daughter to wrote... "My name is Lily and i'm 12 and a half years old. My mom, Sheena gave me the kindle version of your book and asked me if I'd like to read it. I read it and I think it is amazing. I've never had a major problem with stress or anxiety but it is definitely there. I started grade 7 this year and its a new school, new environment and new troubles that lie ahead. Your book is so great because it is understandable and relatable. You have the first chapters about how all these feeling and emotions are triggered. You write it in a very clear way. You give a different description, an easier way of understanding why it can be hard to change the way you think. It really shows how our Conscious and Unconscious Mind with the guide of our Master Plan, are the ones who create the feelings we experience. I love the last chapters. I love how you show us real problems that girls experience

related to the four sub-categories I'm Not Good Enough, I'm Not Worthy, I'm Not Loved and I'm Not Safe. It shows session by session progress of how well these girls are changing their mind, their actual mind! They are changing beliefs in their Belief System and helping themselves by making them CONFIDENT! I think it is so empowering and hopeful, your book shows issues (due to lack of confidence) can be solved and it's possible. Most importantly it shows us, teen girls, we aren't alone. I'd like to thank you Jacqui for writing this book. I think many people will benefit from the useful knowledge that we learn about ourselves.
