This is the same reprint that came out about 40 years ago, except this version is very 'murky' - as if it's a multi-generational copy. The different cover fooled me into thinking it wouldn't be heavily edited, but it's missing the same hundreds of pages & is even harder to read than the 'original' reprint of the 1970s. I'd recommend avoiding this book.

This is just like the one my great-grandma has. It is so fun to look at products used over a century ago!

Love it
