# Whatever The Cost: Facing Your Fears, Dying To Your Dreams, And Living Powerfully

## Synopsis

Two nationally-acclaimed real estate entrepreneurs share biblical principles to revolutionize your work and family life, and give you the courage to stand up for what is right. • This book follows the story of highly motivated and entrepreneurial twin brothers, David and Jason Benham, from their formative years and ventures into professional baseball to their rise as owners of a multi-million dollar business empire and securing an HGTV reality series. It's a journey where the brothers learned how they must die to their dreams not just once, but twice as they walked away from baseball before being called up to the Big Show and later as their TV series was stripped away from them just before airing when the network succumbed to media pressures surrounding their faith. These experiences only helped them realize that the key to powerful living is found when you die to your dreams and face your fears, and choose to live powerfully through it all. The biblical principles they implemented to guide their work and families are revealed in practical terms to apply to our daily lives and give us courage to stand for what is right. The book will expand on principles such as: Show that You are Faithful in Little Be a Fountain to Others and not a Drain Produce More in Value than You Receive Work to Your Ability and not Your Pay Breathe Life into All Situations Remember that You are Human Beings, not Human Doings Hold to a Standard of Disciplined Living Don't Swing at Every Pitch Find Your Greatest Blessings on the Other Side of Your Greatest Fears

## Customer Reviews

Only a few chapters into this book and its already so great I had to write a review. This book is an easy read but don't let that fool you because the pages are filled with valuable life principles. The book truly captures the brothers personalities! I don't read books often, but so glad I picked this one up cause it's already a GREAT read! Now, back to my book!

This book is a true wealth of wisdom, it inspires to stand up for truth, motivates for success, and has tons of epic one-liners - great job Benham brothers!

Fantastic book. Their story is powerful and a great reminder of the importance of taking a stand even when it is going to cost you.

Fantastic book full of real life practical examples of how biblical principles are still relevant and at work today. The writers are humble and even goofy, but excellent at communicating how the bible provides real, tangible guidance today in almost every arena of life. This book should make the reading list of anyone claiming to be a Christian, but it is a must read for anyone that considers themselves an entrepreneur or business person. You don't need to be a Christian to find value and practical advice in these pages. Highly recommended.

This book is AMAZING. God gave Jason and David a testimony of standing up for Him at a time when so many are voluntarily withdrawing out of the fight because it is a little bit hard. That will bring you to the book, but in addition to their testimony, they have a tremendous way of taking biblical principles and turning them into understandable applications for living in the POWER of Jesus. Look around at America--do you see a country that could use some help living in the POWER of Jesus? Get this book and read it ASAP.
