Business Associations, Cases And Materials On Agency, Partnerships, And Corporations (University Casebook Series)

Synopsis

This title is a part of our CasebookPlus[®] offering as ISBN 9781634595216. Learn more at CasebookPlus.com. With the prior edition of this concise, up-to-date casebook having been adopted at over 100 law schools, the ninth edition preserves the authors' tradition of providing a comprehensive overview of agency, partnership, and corporation law. It also continues to emphasize six basic editorial principles: Be lean but not mean, cases edited ruthlessly to produce a readable and concise result. Facts matter, so they are included in all their potential ambiguity. Bring a planner's perspective to the table through extensive use of transactionally-oriented problems. It's a casebook not a treatise. No long, stultifying textual passages. Provide the cases and let the individual teacher use them as he or she sees fit. Try to find cases that are fun to teach. Great facts or a clever analysis are always given first priority in case selection. Provide a teacher's manual that goes into great depth, with analysis of every case and, whenever applicable, offering the disparate views of each author. An exhaustive teacher's manual extensively discusses every case and provides answers to every question in the text. One feature that many adopters find especially helpful is that all three editors give their own approach to the cases, showing the different ways in which the same case can be taught. Annually updated PowerPoint slides cover almost all sections of the book and feature an extensive use of data, graphics, and photos. Cases! Come and get your cases for the bargain price of over \$200! Oh, you wanted something

more than mildly condensed cases, maybe some commentary, or model answers to some of the "analysis" questions? Look elsewhere, my friend. As another commenter noted about the 8th edition, you'd better have a great professor who will talk you through the concepts set forth in this book. Let's just say I've resorted to a copy of Acing Business Associations to get what's actually going on. To be fair, the cases are on point and well-selected. But it needs a companion book to really get the benefit of the text.

This casebook is thin, light and in-depth. Although, the brevity creates issues since there are less notes and analysis like other casebooks.

Book looks great and shipped quickly

Perfect. Almost brand new
