# Minecraft (Book One): Diary Of A Heroic Minecraft Pig (An Unofficial Minecraft Book, Minecraft Books For Kids, Minecraft Diary) (Steve's Minecraft Diaries 1)

## Synopsis

Hello friends! My name is Steve. Some of you may have encountered me in the vastly diverse world of Minecraft. Throughout my years of adventure, I have crossed paths with many friends and a few foes. These diaries that I have collected are the fascinating tales that my friends have entrusted with me so that their legendary stories live on forever. For Benny, the idea of running away sounds like the best thing ever. He loves to see the world and has always wanted to get out and go past the farm. He dreams of an adventure, even when his best friend, a cow named Cody, tells him otherwise. Benny yearns for adventure. When Benny and Cody have to separate, tensions run high, and Benny has to make a choice. Should he abandon his closest friend, and go explore the world? The choice changes the state of their friendship, and soon Benny learns of new experiences that are out in the Minecraft world. But life isn't as great as it seems. There are new dangers lurking around every corner, and soon enough, Benny just wants to go back to his friend. Will he be able to find his friend? Find out in this exciting Minecraft diary. I hope you will deeply enjoy this adventurous story of my close friend, Benny! -Steve\*\* For a Short Time You will get Two Bonus eBooks Included for FREE\*\*\*Download for FREE with Kindle Unlimited\*

## Customer Reviews

This is good for bed time stories and bought this one for my niece and nephews. I read the story for them and they totally enjoyed it and the adventures of Benny and Cody. I love that there are illustrations too that I can show to them and at the end of the story, I always ask them what they have learned and how they can apply it to their daily lives. Great story and compelling!

the adventure, the quest, the battle what a fun story for the young reader, a page turner that will have you on the edge of your seat. This is age appropriate and reasonably priced. This book met my expectations, surprisingly. It changes how things end and overall it's really funny. THIS BOOK IS AWESOME get it if you would like to read it for yourself.

Cute! This book is suited to a quotable line that I saw, "Your comfort zone is good, you will feel safe, but you will not grow there." And I believe we must all do what Benny has done, sometimes we must step out of our comfort zone and explore the world and learn new things and experience what life has to offer aside from what we are used to. We might get hurt, we might experience hardships but the important thing is that we learned. The book is so exciting and indeed full of lessons learned.

Wonderful story! I really enjoyed reading this even though it may have been a little short it does make it up in sheer quirkiness and charm. It was interesting that I kept forgetting this book is about Minecraft. Every now and then something specific to Minecraft would show up and I would have to remember that the images in my head need to be more pixel-like! Every chapter gives you an excitement and it keeps on building towards the end.

my friends love the minecraft stories and now I'm getting to know why haha, this is a great book and you can get a lot of fun. I got the game some days ago and I love it
