## Living Rich WITH COUPONS™

Empowering Smart Shoppers to Live Rich!

**Cindy Livesey**

## Synopsis

Entering the crazy world of couponing can literally change your life and your lifestyle! Youâ™ll start making ends meet, pay off your debt, create a financial cushion, and feel freer and happier than youâ™ve felt in years, maybe decades. Thatâ™s living rich with coupons! Use the tools you get from this book to build your superpowers. Even Wonder Woman needs her indestructible bracelets, and youâ™re about to receive yours. It doesnâ™t matter if you make \$15,000 a year or \$250,000 a year&#151;everyone needs a budget they can stick to and follow. Cindy helps you to uncover every savings opportunity at your local stores. Youâ™re going to find out exactly what you need to do to save and how to use those coupons correctly.

## Customer Reviews

Cindy knows what she's talking about! By using her website ([livingrichwithcoupons.com](http://livingrichwithcoupons.com)) for the past several years, I have slashed my grocery bill and saved my family THOUSANDS of dollars!! This book is worth every penny - you won't be disappointed!!

I am so very glad I broke down and purchased this book. I've been couponing off and on for years but wasn't really sure how to do it properly to get the most out of it. This book really helped break things down for it to be easier to understand. I knew a decent number of the tips in the book but there was still plenty for me to learn. I would highly recommend this to anyone that wants to seriously change their shopping habits.

This book is a wonderful guide on how to use coupons and time your purchases accordingly to get the most bang for your buck and **SAVE MONEY**. Groceries are just the beginning, once you follow and learn Cindy's philosophies on budgeting and saving you can apply it to all aspects of your life. An easy read, told from an honest and real perspective. Start here, you will not be disappointed!

Over the years, I've saved some money using coupons here and there, but I never realized how much I could save by using coupons strategically! Cindy shares how to layer coupons with sales and other special deals to get the stuff I used to pay full price for, for a fraction of the cost. She also explains all the couponing lingo, shares tips that she learned and practiced to get out of debt, and even explains how to set up a simple budget. Great stuff!

This book is worth every penny - you won't be disappointed!! By using her website ([livingrichwithcoupons.com](http://livingrichwithcoupons.com)) for the past several years, I have slashed my grocery bill and saved my family **THOUSANDS** of dollars!!

I have been following Cindy on Living Rich with Coupons for over 4 years. She is amazing!!!! The book is awesome she will give you all the pointers you need to save your family hundreds of dollars in grocery bills and other items. Her system has worked for me and my family and I am sure if you follow her system you will be able to do the same.

This is a very informative book. It's full of helpful tips and information. If you implement the couponing techniques it will pay for itself in no time. The author clearly did extensive research and knows the ins and outs of saving major money with coupons. I don't think she's left any stone unturned regarding the subject. If your serious about saving money on your purchases you need to buy this book. I'm so appreciative that the author is willing to share her knowledge and I highly recommend her book.

I must admit I was a coupon shopping skeptic, especially since I had tried couponing years ago with relatively no success. Cindy's book changed my whole outlook on couponing and since week one I've been able to save no less than 60% of my weekly food shopping total, and I have a fantastic stockpile of the items my family uses. Tips contained in this book: where to find coupons, how to stack, locating the best deals for the items you use and learning sale cycles set it apart from others. Sale cycles? Yup, I never knew about them either! Now I do, and couponing has become my part time job that doesn't take me away from my family and gives me the money I was looking for to offset the rest of my household budget.
