Customer Reviews

A great book for recipes as well as general knowledge about spirits and cocktails. Written in a very informal and friendly manner, it's an easy and entertaining read. Much more than a list of drink recipes. I highly recommend it to professionals and enthusiasts alike!

Yes, this is a great little bartender book. Actually more information than I expected, because it isn't just recipes for shopping for ingredients and mixing, it is recipes to make your own mixes if you want to, such as a recipe for bitters. If you really want to get into mix drinks, this will be a great help.

Strictly short recipes, black on white. No photos, no colors, not much inspiration for an amateur like me but was a perfect gift for a connoisseur like the hubby.

Great book! I wish it had a more detailed description of each of the spirits. I know I can Google it, but then again, I just expected a little more. Recipes are great, numerous and well described. The whole book is really great in general.

The recipes are easy to locate and to follow along. good refresher guide for basic drinks. The book is a little large and could be smaller.

It has a lot.
