Customer Reviews

Delicious recipes, well written, lots of inspiration and background information. My only, really only,

"beef" is that I found the recipes too sweet for my taste. However, once I tried a few recipes I started to adjust the sweetener of choice to approx half of what the recipe called for. It might result in a slightly different outcome, although that wasn't a problem for me. Definitely one of the better books on gluten-free, lactose free and processed sugar and processed sweeteners free.

Love! Not the same old rehashed recipes. Also, the author's writing style is engaging, humorous.
