# Woodworking Projects: 20 Easy Woodworking Projects To Make With Your Family (DIY Decoration & Craftsmanship)

## WOODWORKING PROJECTS

20 Easy Woodworking Projects  
to Make with Your Family

## Synopsis

Woodworking might not seem like your typical hobby, even for a DIY "professional." From the number of tools required to the seemingly complicated directions of projects, many people avoid woodworking all together. The truth is, however, that woodworking doesn't have to be overwhelming, in fact there are a great number of woodworking projects that take little more than is required for a typical DIY project!"Woodworking Projects: 20 Easy Woodworking Projects to Make With Your Family" shares with you the very basics you need to know about woodworking tools without making woodshop 101 too overwhelming!As you journey through "Woodworking Projects: 20 Easy Woodworking Projects to Make With Your Family" you will not only learn about the most frequently utilized woodworking tools, but you'll also get the chance to use some of them in 20 of our favorite easy woodworking projects!Forget the books that share a few woodworking projects "for beginners" that ultimately turn out to be too advanced for advanced woodworkers!"Woodworking Projects: 20 Easy Woodworking Projects to Make With Your Family" truly covers projects that are intended to make beginning woodworking fun!Inside You Will Learn about:

- Some of the basic woodworking tools
- Five home decor woodworking projects
- Five furniture woodworking projects
- Five practical woodworking projects
- And Much More

## Customer Reviews

Good projects with grandson

Good set of projects.

Love, love, love this book!. Awesome how it explains what tools you will need, what they do and how to use them. It also describes all of the different types of wood and other materials needed. The project instructions give you very precise measurements and even picture diagrams of how to cut the wood, unlike other books that just describe what it should look like. Some of the projects were not something I would put in my home but someone would love them. This is a book so well written and descriptive that I want to do ALL of the projects.

If you are active on Pinterest and have an interest in wood working you probably have seen most of these designs before. This book contains projects from various DIY blogs like Ana White and Sawdust to Stitches. This book does however point out that these projects would be good to tackle with your family or your kids. They are simple, mostly use dimensional lumber from a home center, and can be usually done in a day.

Photographs are too small and do not show finished details of projects. Ana White has better photos and details on her website for free.
