# True Crime: Deadly Serial Killers And Gruesome Murders Stories From The Last 100 Years

## Synopsis

The Most Gruesome, Stomach Churning Serial Killers And True murders From The Last 100 Year  
Your purchase includes Free ebooks "Countess Elizabeth Bathory: The most prolific female serial Killer", and "Charles Ray hatcher: The Deadliest and Scariest Serial Killer of all time".at \$4.99. Read on your PC, Mac, smart phone, tablet or Kindle device. I was born with the devil in me. I could not help the fact that I was a murderer, no more than the poet can help the inspiration to sing..I was born with the evil one standing as my sponsor beside the bed where I was ushered into the world, and he has been with me since. - H.H Holmes There are people in this world whose greatest pleasure is unleashing evil onto the world. What is it about these people that makes them do these unspeakable acts of horror? This book will take you inside the minds of history's most notorious and dangerous serial killers and take you inside their minds and their horrendous crimes. These stories might lead you to think that any person can be a serial killer even your next door neighbor. There has been a case of medical personnel finding it amusing to kill her victims. A deranged middle age regular Joe, suddenly turning crazy and shooting people. Religious leaders and cults that have killed their own followers, claiming to do the lord's work. There has even been a case of a mother killing her own children. You will see the horrendous crimes that they have committed and the things that were in their heads when it happened. Take action today and download this book for a limited time discount of only \$2.99! Get into the minds of the most deranged and prolific serial killers of History.

## Customer Reviews

I was hoping for more...I mean pages!...It's only 12 pages long...It's a pamphlet, not a TRUE CRIME

anthology! Obviously, the author had friends and relatives fill out the positive reviews. I have read over 15 true crime books and this is like reading one chapter of those...No insight! Why is there 10 pages of "Eye Contact" tips? Very Weird!

Serial killers intrigue me. I like watching movies about serial killers and more so when they get caught. This book tells the story of five of the most evil serial killers in the 20th century, Charles Albright, Edmund Kemper III, Albert Fish, Richard Chase and Carl Panzram. It details their victims and their final verdict. I wish there were more included in the book though

I like watching crime shows like Forensic Files and this book feels like a written version of the show. Thing is, I read this book faster than watching an entire episode so I will say the book left me wanting for more. The descriptions of each person looked very summarized but it is written in a timeline style making it easy to read. I'm fine with the victim and verdict format but I wish there were more people covered. Only 5 are mentioned. Maybe 10 or more would have made me feel most fulfilled.

Wow. This is one great crime stories. It is absolutely deadly. I was really afraid while reading it and I was terribly having goosebumps. Lol. But I really like how it goes. It catches my attention and it makes me focus on the stories on my entire read. It was suspenseful and mystery were truly mysterious. I like Hank's writing style.

It was indeed quite an interesting read, Imagine a compilation of gruesome crimes from the past compiled into one book, hair raising right! I just have one question though, why was it so short? where in the book title True Crime: Deadly Serial Killers And Gruesome Murder Stories From The Last 100 Years..... I don't actually believe that's all of it for "The last 100 years". It could have been better if a lot more were presented, but as a whole It was really quite a good read.

This was basically my fault. I did not realize it was so short. The author did a great job, just wish I would've read the description. This is the only reason I didn't like it. I'd love to see him write a 300 , or more page book & maybe he did, or does. I'll need to look into that.

For those who are going in the future to investigate the murders or just interested in the phenomenon of serial killers, this book will be very useful. The author has collected the most

famous and complicated crimes in the past 100 years. Excellent selection, good stuff.

Deadly Serial Killers And Gruesome Murder Stories From The Last 100 Years...The title alone will get into one's nerves. However, this has been a terrific reading experience for me. So informative about Serial murders and Serial murders. I actually learned a lot from this book and I find it written well too. It has been a totally engaging read.
