## Customer Reviews

I am having a handfasting in May and my priestess suggested that I take a look at this book. It is very informative and I read it in like two days. there are maybe three ways to approach a handfasting and you can choose from the rituals in the book. I will happily pass it on to the next person that would like ideas to handfasting.

I bought this book to help me find a handfasting that I liked. They were very insightful, and had lots of suggestions. I did have to go online to find more in-depth information, but I wouldn't have known where to go without this book! Thanks

It's ok, has some great information in it. I wish it had more ceremony examples in it not just information about ideas and traditions. But it does have some great info in it, just not exactly what I wanted.
