## Customer Reviews

I am the in charge of planning my sisters wedding and this book has come to me like an angel. Dad had really been pestering me to sit with him for his speech and so as mine I had to write. This book has lots of those beautiful speeches. so just copy paste and add the names you want and practice well. So cool..

As we are getting ready for our wedding and browsing some books that might be helpful in our preparations, I found this book so I purchased and read along. I will surely lend this to my future father in law to have himself prepared on the wedding day.

This is a really thin book with a limited number of speeches. On the other hand I did use some of the material from a few of the speeches and the book is inexpensive. I think this book needs to be combined with a few other sources to be helpful.
