# Customer Reviews

I loved this book, I couldn't put it down! I am going to get a bearded dragon and this book is so helpful on what I should get and how to tank care of it. It's also short so I read it it an hour or two.

This book was very easy to follow and understand. I look forward to using my new information. I did learn from this book.

It's a nice book. It has very basic information and would be good for a child who is getting their first reptile.
