## Customer Reviews

Fun designs for all ages.... nothing terribly complicated, which makes them nice for older people (and I'm including myself) or younger coloring enthusiasts.If you enjoy Halloween, this edition will keep you busy in anticipation of the holiday.Pdf download is at the end of the book and a password is included. Easy, quick download, which was nice.I like this artist's books and in this one, there is room left on some of the designs to add your own embellishments or detail the design even further.

Once you get to the download page, enter the password and wait for it to confirm that that is the password you get a download link. Cumbersome.The designs are, I might call them cute, though personally I would be more likely to call them a waste of time.The line weight is clean prints clearly without any hassles.But the designs are childish and the rig-ma-role to download puts me off. so 3 stars

This was a pretty good coloring book. When I went to print the pages, they printed kind of small, more along the lines of about 1/2 to 3/4 of the original size in the ebook. I purchased this at full price for my personal use.

I am addicted to Mandalas. This is going to my granddaughter. She will love it. Thanks

Nice book. Pictures are easy enough my kids have been enjoying them too!
