# Audrey Hepburn, An Elegant Spirit: A Son Remembers

## Synopsis

Now in paperback, an intimate look at the woman the world adored, by the son who adored her with unique photos, drawings, and other rare Audrey memorabilia. She dazzled millions as Gigi. Eliza Doolittle. Holly Golightly. But to her most adoring fan, Audrey Hepburn was best known for her role as "Mummy." In this heartfelt tribute to his mother, Sean Hepburn Ferrer offers a rare and intimate glimpse into the life of one of Hollywood's brightest stars. Audrey Hepburn, An Elegant Spirit is a stunning compilation of nearly 300 photographs, many straight from the family album and never before published; archival documents, personal correspondence, and mementos; even paintings and illustrations from the actress herself. Sean tells Audrey Hepburn's remarkable story, from her childhood in war-torn Holland to the height of her fame to her autumn years far from the camera and the crush of the paparazzi. Sean introduces us to someone whose grace, charm, and beauty were matched only by her insecurity about her appearance and talent, and who used her hard-won recognition as a means to help children less fortunate than her own. With this unique biography, Sean celebrates his mother's history and humanity and continues her charitable work by donating proceeds from this book to the Audrey Hepburn Children's Fund.

## Customer Reviews

If there is a polar opposite to Christina Crawford's scathing poor-me memoir, "Mommie Dearest", it has to be this loving tribute to Audrey Hepburn from her eldest son, Sean Hepburn Ferrer. Rather than being an exhaustive biography on the legendary film star (and enough of those exist anyway), it is more a very attractive coffee table book with remembrances from her colleagues, family friends and most importantly, Ferrer himself. It is a testament to Hepburn that all these books, especially this one, have been nothing less than respectful and at times downright reverential. There is no getting around the fact that she was well loved by those closest around her and certainly by her fans, me included. That she comes across as such a giving person merely validates what we all want to believe about her, and this becomes especially clear in Ferrer's account of her later years making goodwill trips to Bangladesh, Ethiopia and Somalia on behalf of UNICEF. And while as a fan, I was disappointed about her long absences from films from the late sixties until her death in 1993, Ferrer makes it clear how important motherhood was to her and how imperative it was for her to stay at home with her sons during those years. Just from the treasure trove of family photos, this book clearly shows that her dedication to them was and continues to be reciprocated. The perspective of this book is understandably biased but fresh, and obviously Ferrer's access to his mother's personal belongings - family snapshots, paintings and drawings done by her, even her passports - builds an intimate story.
