ISBN-13: 978-1908172778

Product Dimensions: 8 x 0.9 x 13.4 inches

Shipping Weight: 2.9 pounds (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 starsÂ Â See all reviewsÂ (323 customer reviews)

Best Sellers Rank: #101,829 in Books (See Top 100 in Books)   #134 inÂ Books > Computers & Technology > Games & Strategy Guides > Strategy Guides   #349 inÂ Books > Humor & Entertainment > Puzzles & Games > Video & Computer Games

Customer Reviews

Metal Gear Solid V is a huge game. It's a very huge game. It's also a game that introduces a lot of new elements for series fans. A strategy guide can come in handy. Piggyback Interactive has made tons of Metal Gear Solid guides and they've all been very helpful. But Metal Gear Solid V is a totally different beast. With how unique it is the focus of a guide might also need a unique focus as well. This is what that guide does. It provides the tools for you. In short, Piggyback Interactive is more about helping you understand Metal Gear Solid V just as much as it is about helping you get through it. This is the most exhaustive and unique Metal Gear Guide I've ever seen.The guide

begins with a fairly touching foreword from Hideo Kojima. Seeing as how this may very well be his last Metal Gear game, Kojima lets us know that he gave Metal Gear Solid V his all and that he also wants you to enjoy this particular strategy guide. Once we've gone from this we jump into learning about the basics of the game itself. Even veterans of the Metal Gear Solid saga might want to make a stop here. Things are incredibly different in Metal Gear Solid V and you'd do well to make sure you know how all of its systems work before really diving in. This is all the stuff for beginners, though. Once you learn the basics of the system, the guide has more information you may want to utilize later. We'll get to that. First, the part that most of you are wondering about: The Walkthrough.Is the walkthrough good? Yes, but it also has to take a different approach than most previous guides by Piggyback. In previous games, Metal Gear was particularly... predictable. Not so in this.
