Is it a kids book? I guess so. But it's still an entertaining / informative read and a cool keepsake for every Peanuts fan! Every single character, no matter how insignificant, is profiled - a lot of whom I'd forgotten about. Buy It! It's a cool piece to own!

This is a very good way to introduce your kids (Or anyone, really) to the wonderful world of Charlie Brown. Provides nice facts, character comments, etc... of all of Schulz's "L'il Folks". :0)

I was told it was written for children, but this 59-year old life-long Peanuts fan enjoyed it immensely.

This is a very interesting book for both kids and grown-ups, BUT...The kindle device on this one doesn't really allow you to enlarge the texts and pictures, like other Kindle books do. It would only enlarge the texts (not pictures) to one size up (about 20% larger from the original font, and the original font is fairly tiny) by tapping twice. Not being really able to enlarge the texts/images takes most of the fun of reading this book from Kindle. It's very disappointing!

Fun book to read more about some of the less popular Peanuts characters. Filled with great facts, photos and history of this beloved comic strip.

Very entertaining and informational. A must read for a Peanuts fan.

Awesome book with lots of fun facts.

good info for the collector of fun facts for the peanuts comic strip
