This is a gem of a little book for anyone who has seemingly lost their canine buddy. I won't elaborate on the term "seemingly", as that would give away too much. Just treasure each page slowly and let it settle in: stay.

This sweet book makes me believe there is another four legged friend for us just waiting. Heart warming book...

This book is "highly" recommended for anybody who has lost their "best friend".....I Lost (3) of mine in a year and a half and has been extremely heart breaking and very hard to cope with. I saw this book and knew I had to purchase it. "Thank You" Chris Shea for writing such a uplifting and beautiful book for our "best friends" :)

A tiny little book, DOGS DON'T DIE DOGS STAY makes a great little gift book for anyone who has lost a dog. The little book was written solely as a way to provide solace for someone who has

lost their dog. It's a reminder that even though a beloved pet might no longer be physically alive, they are always around in spirit. I gave a copy of this book to a friend who had recently lost her dog and she was quite grateful.
