## Customer Reviews

I found this book to be one of the best! The recipes are easy to follow, use readily available ingredients, and there are choices for main entrees that will satisfy anyone, even vegetarians and

dieters. The dessert recipes sound great too though I have not had an opportunity to use them yet.

This book has recipes that were new to me with easy to find ingredients and understandable instructions. One pot simplicity will be a go-to book for busy days and pot luck get-togethers in my future.

I've highlighted all but a few of these recipes. The recipes include the three main things I look for: healthy, easy, and delicious. Almost all use fresh vegetables.

Quick and easy home cooking. Loved this book. Author did a wonderful job. Will look for her other books tomorrow.

Quick and easy to make meals that has flavor!

Sound advice, easy to follow, good nutritional basis and definitely easy preparation. Pleasing to see the proliferation of vegetables used.

No photographs of the dishes. I like to see what a meal is supposed to look like. Otherwise quite okay

Easy recipes
